

Do you have some free time that you would like to use productively?

CMH Volunteer Services

Volunteering at CMH Regional Health System, including Clinton Memorial Hospital, is a good way to feel good about your self while doing well for others. You might even make some new friends along the way!

Volunteer Services is always looking for good men and women, young and old, those with a little bit of free time, those with a lot.

Volunteers save CMH thousands of dollars each year by filling jobs and taking responsibility for duties that otherwise might have to be filled with paid positions. That money can go instead for service and capital improvements that benefit all who have access to CMH services.

CMH volunteers work in all areas of healthcare, including registration, clerical support and data entry,

In return, volunteers receive a sense of well being—the knowledge that they are bettering life in their community for themselves and their neighbors.

If you are a caring person with time to give, CMH Regional Health System invites you to join a dedicated group of volunteers who share their time and skills.

We're waiting for you! Contact Volunteer Services manager Carol Sebert at 937-382-9224 to find out if she has a job that fits your skills and schedule.

Research shows that those who volunteer stay healthier, lead happier lives and live longer. And by volunteering with CMH, you can have the satisfaction that you are supporting healthcare in your own community.
